## What We Do...

We are an organization with big dreams. We wish to offer a variety of equine events, classes, clinics, and fun things to do to help riders grow with their horse. One of our biggest goals is to improve the bond between rider and horse through various activities. We wish to offer desensitizing, basic horsemanship, and many other clinics. It is also our desire to offer events such as team penning, team sorting, gymkhana, and other events. Our biggest entity thus far is our Mounted Drill Team.
